# The ID. Buzz is **e-mobility in its purest form.**

Zero local CO<sub>2</sub> emissions and a long electric range are crucial if an electric drive is to be practical for everyday use. With the ID. Buzz we have to meet the needs of many different people, and the innovative electric drive in the ID. Buzz makes this possible. The e-motor is accommodated in the rear in a particularly space-saving way and makes towing loads of up to 1,000kg possible. Sustainable, suitable for everyday use and robust: the electric drive of the ID. Buzz combines climate awareness with individual mobility.

# We Connect and We Connect Plus.

## Your vehicle's technology, at your fingertips.

With Volkswagen We Connect<sup>1</sup> driving will now be even more digital. The We Connect<sup>1</sup> ID. app connects your smartphone to the vehicle with an integrated eSIM card. To take advantage of these exclusive services, you can register today with the We Connect<sup>1</sup> Portal. Once your vehicle has been activated, you can access the full range of Mobile Online Services.

### We Connect <sup>1</sup>

- BREAKDOWN CALL**

In the event of a breakdown, we get to your location quickly. With **'Breakdown Call'**, you can call for breakdown assistance from your vehicle with the press of a button. The system will send your location and vehicle information directly to the AA Call Centre.
- PARKING POSITION**

The **'Parking Position'** Service shows you where your car is located. If necessary, it can also show you the fastest way of getting to it.
- SERVICE SCHEDULING**

You drive – Volkswagen **'Service Scheduling'** looks after the rest. As soon as your vehicle's service is due, a notification will automatically be sent to your chosen authorised Volkswagen Van Centre or Volkswagen Retailer, who will be in touch to book the service appointment with you.
- EMERGENCY CALL SERVICE**

In the event of a serious accident, you can press the 'eCall' button to speak to the emergency services who will automatically dispatch help to your exact location or, in the event your vehicle is involved in an accident, they will contact you and will automatically dispatch help if you are not able to respond.

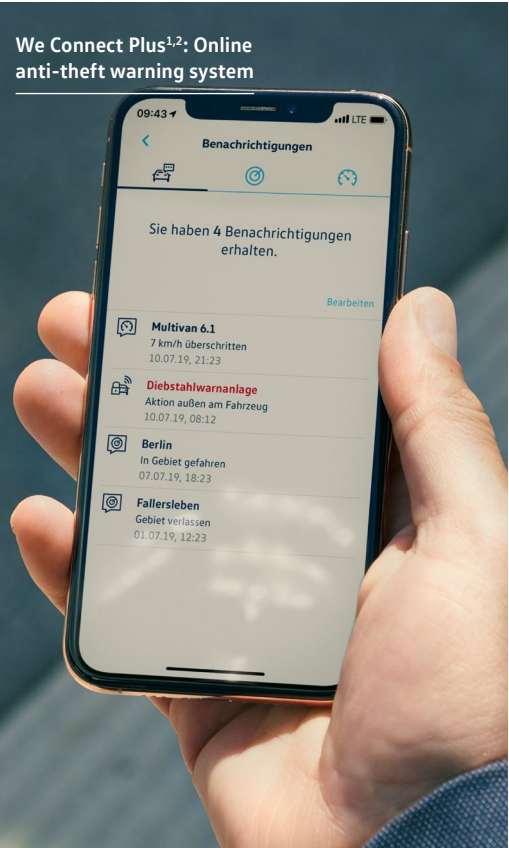

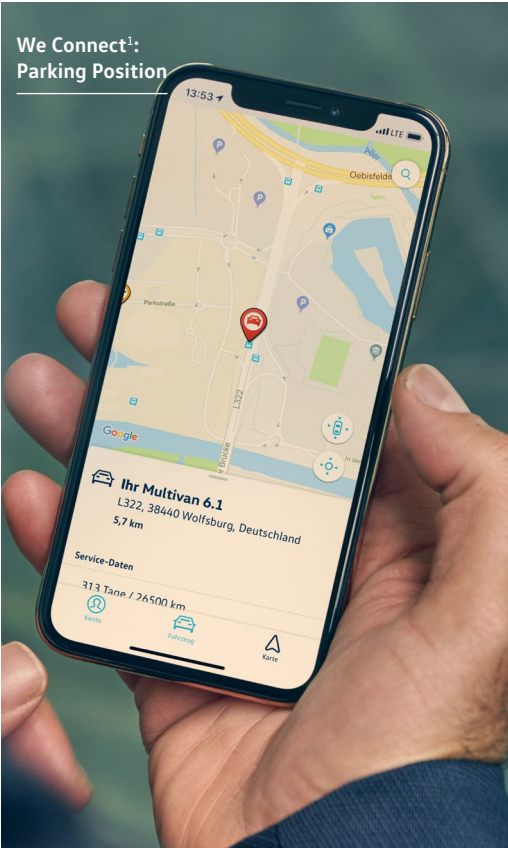

### We Connect Plus <sup>1,2</sup>

- LOCK & UNLOCK**

**'Lock & Unlock'** allows you to control the central locking system of your vehicle – using your smartphone, you can conveniently lock and unlock the doors and luggage compartment.
- ONLINE ANTI-THEFT ALARM\***

Sit back and relax – your vehicle can look after itself. If an attempt is made to break into the car, the **'Online Anti-Theft Alarm'** will inform the We Connect app on your smartphone or by email.
- ELECTRIC\***

In a plug in hybrid vehicle you can set **'Departure times'** to ensure your vehicle is charged and air conditioned shortly before departure. Air conditioning can be **personalised remotely** and you can stop and start charging all through the We Connect app.

<sup>1</sup> To use We Connect services, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. 2 Figures for the Volkswagen ID. Buzz battery electric vehicle. Fuel consumption for battery electric vehicles is N/A and CO<sub>2</sub> emissions are zero while driving. Battery electric vehicles require electricity for charging. Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 11.7.2022. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. Please consult your authorised Volkswagen Van Centre or Volkswagen Retailer for further information.

3 From 1 April 2021, the official CO<sub>2</sub> emissions values used to calculate Vehicle Excise Duty (VED) charges will change for all passenger car registrations in the UK, due to a change in the method of testing. This will affect the Recommended 'On The Road' (ROTR) price you pay (in most circumstances, prices will increase). The Recommended 'On The Road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2021. Choice of wheels and other options may affect fuel consumption, BIK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2021.

# Finance, insurance, servicing and warranties

## Finance and insurance.<sup>1</sup>

When it comes to paying for your van, we’ve got options including Contract Hire, Solutions Personal Contract Plan (PCP) or Hire Purchase. We can also offer you competitive insurance with lots of features and benefits as standard.

## A choice of packages.<sup>2</sup>

Whether you prefer to lease your vehicles, with none of the concerns of ownership and the freedom to change models easily, or purchase outright to own the vehicle that’s perfect for you, we’re here to help you consider your options.

You can go flexible, by choosing a payment plan that suits your finances, with options to reduce your monthly costs and your repayment period. Or choose a fixed monthly price that allows you to budget confidently for the longer term.

You can even include your road tax and servicing costs to arrive at one simple, all-inclusive payment. For more information, pick up a finance brochure, or ask at your authorised Volkswagen Van Centre or Volkswagen Retailer.

## Volkswagen Car Insurance.<sup>3</sup>

### Complimentary Volkswagen Drive Away Insurance

## Volkswagen Commercial Vehicle Gap Insurance.<sup>4</sup>

### What is Volkswagen Commercial Vehicle Gap Insurance?

If your Volkswagen Commercial Vehicle is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Volkswagen Commercial Vehicle, or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

### Volkswagen Commercial Vehicle Gap Insurance

This pays the difference between the write-off settlement from your motor insurer and the price you paid for your Volkswagen Commercial Vehicle, or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, Volkswagen Commercial Vehicle Gap Insurance will cover the difference between the write-off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

## Volkswagen Commercial Vehicle Gap Insurance Plus

In addition to all the benefits of Volkswagen Commercial Vehicle Gap Insurance, the Volkswagen Commercial Vehicle Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written-off during the additional 12-month fixed benefit period of insurance, Volkswagen Commercial Vehicle Gap Insurance will pay a fixed sum of £2,500.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about Volkswagen Commercial Vehicle Gap Insurance, please speak to your nearest participating authorised Volkswagen Van Centre or Volkswagen Retailer, or visit [www.insurewithvwcv.co.uk/gap-insurance](http://www.insurewithvwcv.co.uk/gap-insurance)

## Roadside Assistance.

We understand the need to keep you mobile. That’s why all new vans come with three-year, unlimited mileage roadside cover. Should the unexpected happen, one call gets you straight through to a team trained to help you through any breakdown or accident. Supporting you every day will be a team of vehicle technicians, fully-trained by Volkswagen and carrying the latest diagnostic equipment, specialist tools and parts.

## Assistance benefits include:

- Assistance at home, by the roadside or place of work.
- Recovery to your preferred location.
- Onward travel, for you and your cargo.
- Cover 24 hours a day, 365 days a year.
- Free cover for three years (on new vehicles).
- Unlimited mileage.
- European cover.
- Option to extend cover beyond three years.

## Warranties.

You can count on us long after you purchase your ID. Buzz, thanks to its comprehensive three-year, 100,000 mile warranty. You choose Volkswagen because your business depends on it, year in, year out. While your ID. Buzz is under warranty, we’ll fix any defect in manufacture or workmanship free of charge, even if you purchase and service the vehicle at different Van Centres. Some exclusions apply and the vehicle must be cared for using the guidance in your owner’s manual.

For more detail, please visit: [www.volkswagen-vans.co.uk/en/buy-a-van/offers/after-sales-offers.html](http://www.volkswagen-vans.co.uk/en/buy-a-van/offers/after-sales-offers.html)

## Factory extended warranty.

You can also extend your warranty beyond the three-year, 100,000 mile period, choosing either Comprehensive or Major Component cover, as a one-off or monthly payment.

For more detail of cover levels, along with terms and conditions, please visit: [www.volkswagencvwarranty.co.uk](http://www.volkswagencvwarranty.co.uk) where you’ll also be able to obtain a quote and purchase a Factory extended warranty.

## Paint and body warranty.

Your ID. Buzz’s exterior paintwork is covered against manufacturing defects for a period of three years, while its body sections and panels are covered against rusting through from the inside for twelve years. Some exclusions apply and the vehicle must be cared for using the guidance in your owner’s manual.

## Vehicle home charging.

Home charging using a domestic socket will depend on the condition and suitability of the wiring in your home. Always consult a qualified electrician before charging when using a domestic socket for the first time, or, if the socket is to be used as the primary source of charging. Domestic sockets on the same circuit as other appliances, particularly those in frequent use, will draw additional amperage which may result in a breaker switch being ‘tripped’. Establishing a separate circuit for home charging will help ensure your electric vehicle is supplied with a consistent, uninterrupted current. For optimum charging, we recommend installing an electric vehicle charging point at home.

## The Van Centre network.

Our **dedicated Van Centre network** is at the core of everything we do and is always there to help. As a separate brand within the Volkswagen Group, it makes sense to make use of your nearest Van Centre – it’s full of experts who understand your vehicle better than anyone else and can help you to get the most out of it.

Over **65 Van Centres** and **30 Authorised Repairers**, means you’re only around 45 minutes on average from our door.

## Battery warranty.

A guarantee for eight years or 100,000 miles/160,000 km (whichever is soonest), on all material or manufacturing defects.

Gradual reduction in battery capacity over times is integral to the nature of the component, and does not represent a defect under the terms of this guarantee, as long as the reduction in capacity is not in excess of the value specified for this vehicle in the owner’s manual.

With the exception of the warranty term, all warranty conditions stipulated by the Volkswagen retailer selling the vehicle (prerequisites, criteria for freedom from defects, exclusions, settlement of claims, entry into force and start of extended warranty term, scope of application etc.) also apply to the high voltage battery.
