

WHY CHOOSE MAN **GENUINE** PARTS?

When it comes to replacement parts, you want the very best, not second best. Manufactured in accordance with our strict guidelines, every MAN genuine part is designed and manufactured to work perfectly with your MAN Truck. They also guarantee maximum reliability, durability, safety and economy.

For absolute peace of mind, all our genuine parts are readily available, come with a full 24-month fitted warranty at no extra cost, and are valid worldwide. Should you need expert advice or support, our comprehensive UK Dealer Network is close at hand and ready to assist you.

With MAN Genuine Parts you have:

- Improved reliability and safety
- Shorter workshop visits meaning less downtime
- Reduced operating costs
- Increased residual value – a higher value is preserved in your vehicle over time
- High levels of local, regional & national off-the-shelf availability

“Using MAN genuine parts keeps your vehicle in perfect condition and safeguards your investment”

ABSOLUTE PERFECT MATCH. MAN GENUINE PARTS AND MAN SERVICE PACKAGE.

To keep your vehicle reliable and roadworthy, we've created the perfect package, combining MAN Genuine Parts and MAN Service.

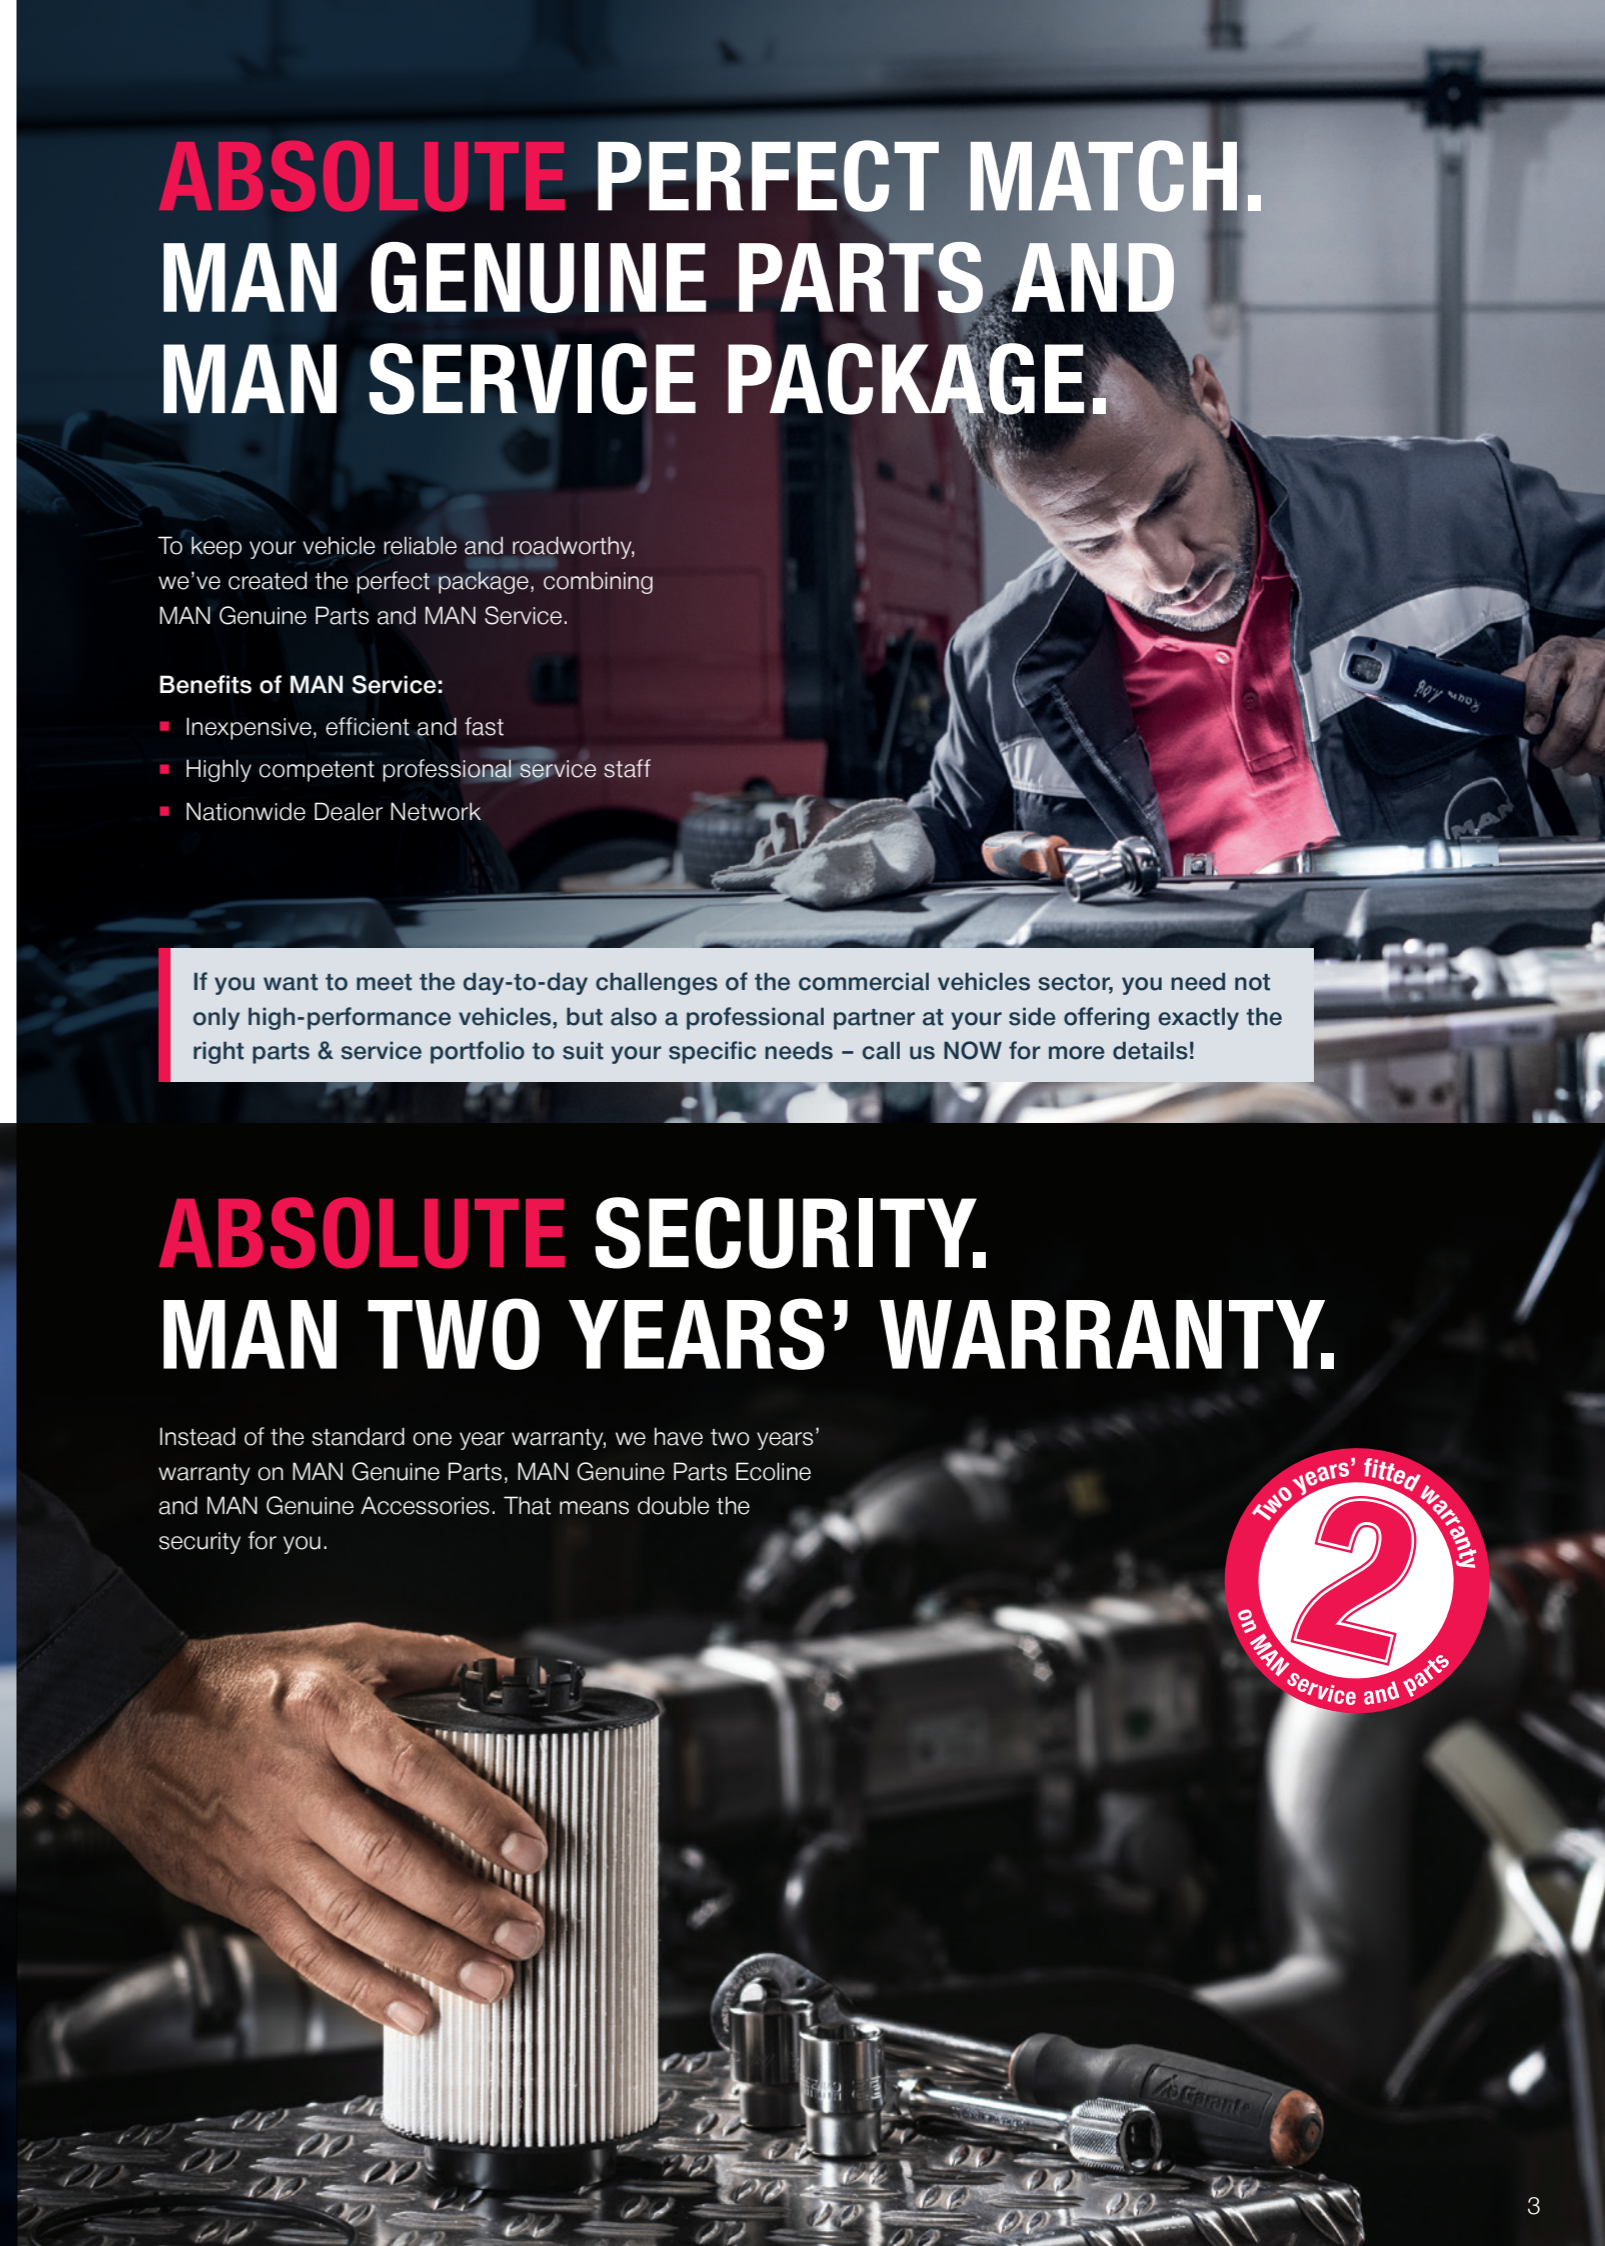

Benefits of MAN Service:

- Inexpensive, efficient and fast
- Highly competent professional service staff
- Nationwide Dealer Network

If you want to meet the day-to-day challenges of the commercial vehicles sector, you need not only high-performance vehicles, but also a professional partner at your side offering exactly the right parts & service portfolio to suit your specific needs – call us NOW for more details!

ABSOLUTE SECURITY. MAN TWO YEARS' WARRANTY.

Instead of the standard one year warranty, we have two years' warranty on MAN Genuine Parts, MAN Genuine Parts Ecoline and MAN Genuine Accessories. That means double the security for you.

ABSOLUTE CONFIDENCE. MAN GENUINE FILTERS.

Filters are important components for protecting your MAN vehicle against early wear, and help maintain engine performance over the long term. Significant damage can be caused if non-OEM filters are used instead of genuine parts. With MAN Genuine Filters you can have absolute confidence they deliver the protection and performance you need.

- 100% accurate fit
- Perfect sealing
- Maximises service life of engine
- Excellent engine reliability

To keep your engine running at peak performance choose MAN Genuine Engine Oil. Call now for our latest deal!

ABSOLUTE PROTECTION. MAN GENUINE AIR DRIER CARTRIDGES.

MAN Genuine Air Dryer Cartridges are a reliable and efficient way to protect a compressed air system, ensuring long life of system components and minimising servicing costs.

- Low maintenance cost
- Protection of individual parts and system components
- Long service life of the compressed air system
- No corrosion inside the compressed air system
- Standard cartridges can be replaced -6025 or -4001

Call now to get the latest deals on MAN Genuine Air Drier Cartridges. We also have great deals on MAN Genuine Filters.

ABSOLUTE STATE-OF-THE-ART. MAN GENUINE STARTER MOTORS & ALTERNATORS.

MAN replacement starter motors and alternators cover the entire range of trucks and buses. Technical innovations immediately enter the reconditioning process, so whatever the component it is state-of-the-art, as well as attractively priced. Our Ecoline Starter Motors & Alternators are remanufactured from 100% genuine MAN parts.

- Excellent efficiency in everyday use
- Technology that promotes long service life
- Environmentally-friendly and saves resources
- Critical wearing parts replaced 100% by new parts

MAN Genuine Anti-Corrosion and Anti-Freeze Liquid has been developed for the operation of MAN high-performance diesel engines, protecting against corrosion and cavitation as well as freezing in temperatures down to -37°C. Optimised for the cooling systems of MAN engines, MAN Genuine Anti-Freeze provides maximum protection, optimal function and substantial cost benefit by means of longer durability.

Available in concentrate (20L & 210L)
& ready-mix (5L, 20L, 210L & 1000IBC)

- Maximum protection for all metals and alloys in the cooling circuit, ensuring higher durability of engines
- Optimal cooling through high heat capacity, ensuring improved mileage and optimised consumption
- First-class quality and 100% compliance with the MAN standard, ensuring improved protection, the utmost reliability and a secure investment.

To keep your engine running at peak performance choose MAN Genuine Engine Oil. Call now for our latest deal!

ABSOLUTE STRENGTH. MAN GENUINE AIR TANKS.

Air tanks are an important component in the air systems of heavy-duty trucks, buses and trailers, storing large volumes of compressed air used to operate the suspension, brakes and many accessory systems. Because of the position they are mounted on the vehicle, they are particularly vulnerable to damage and corrosion from road debris and salt. MAN Genuine Air Tanks meet exacting standards, ensuring improved protection, reliability and longevity.

To ensure long life of the compressed air system, fit MAN Genuine Air Drier Cartridges. (see page 5 for more details)

ABSOLUTE NECESSITY. DIRECT VISION STANDARD RATING.
