The next chapter.

A new era for Volkswagen Commercial Vehicles sees the new Multivan replacing the Caravelle 6.1. With an exterior designed to pay homage to its predecessor and a plug-in hybrid power-train available, it opens an exciting new chapter. Built with safety and convenience in mind, the new Multivan will feature a huge range of digital and connected services as well as over 25 driver assistance systems*.

* Some driver assistance systems are available at an additional cost. Image shown is for illustrative purposes only. Vehicle shown is not UK specification.

The new Multivan ● ● ● ● ●	Infotainment and connectivity	Assistance systems	Multivan Life	Multivan Energetic	Multivan Style	Paint	Upholstery and decorative trims	Alloy wheels	Technical information	Price list	Finance options	Finance, insurance, servicing and warranties
-------------------------------	-------------------------------	--------------------	---------------	--------------------	----------------	-------	---------------------------------	--------------	-----------------------	------------	-----------------	--

An unrivalled **sense of space.**

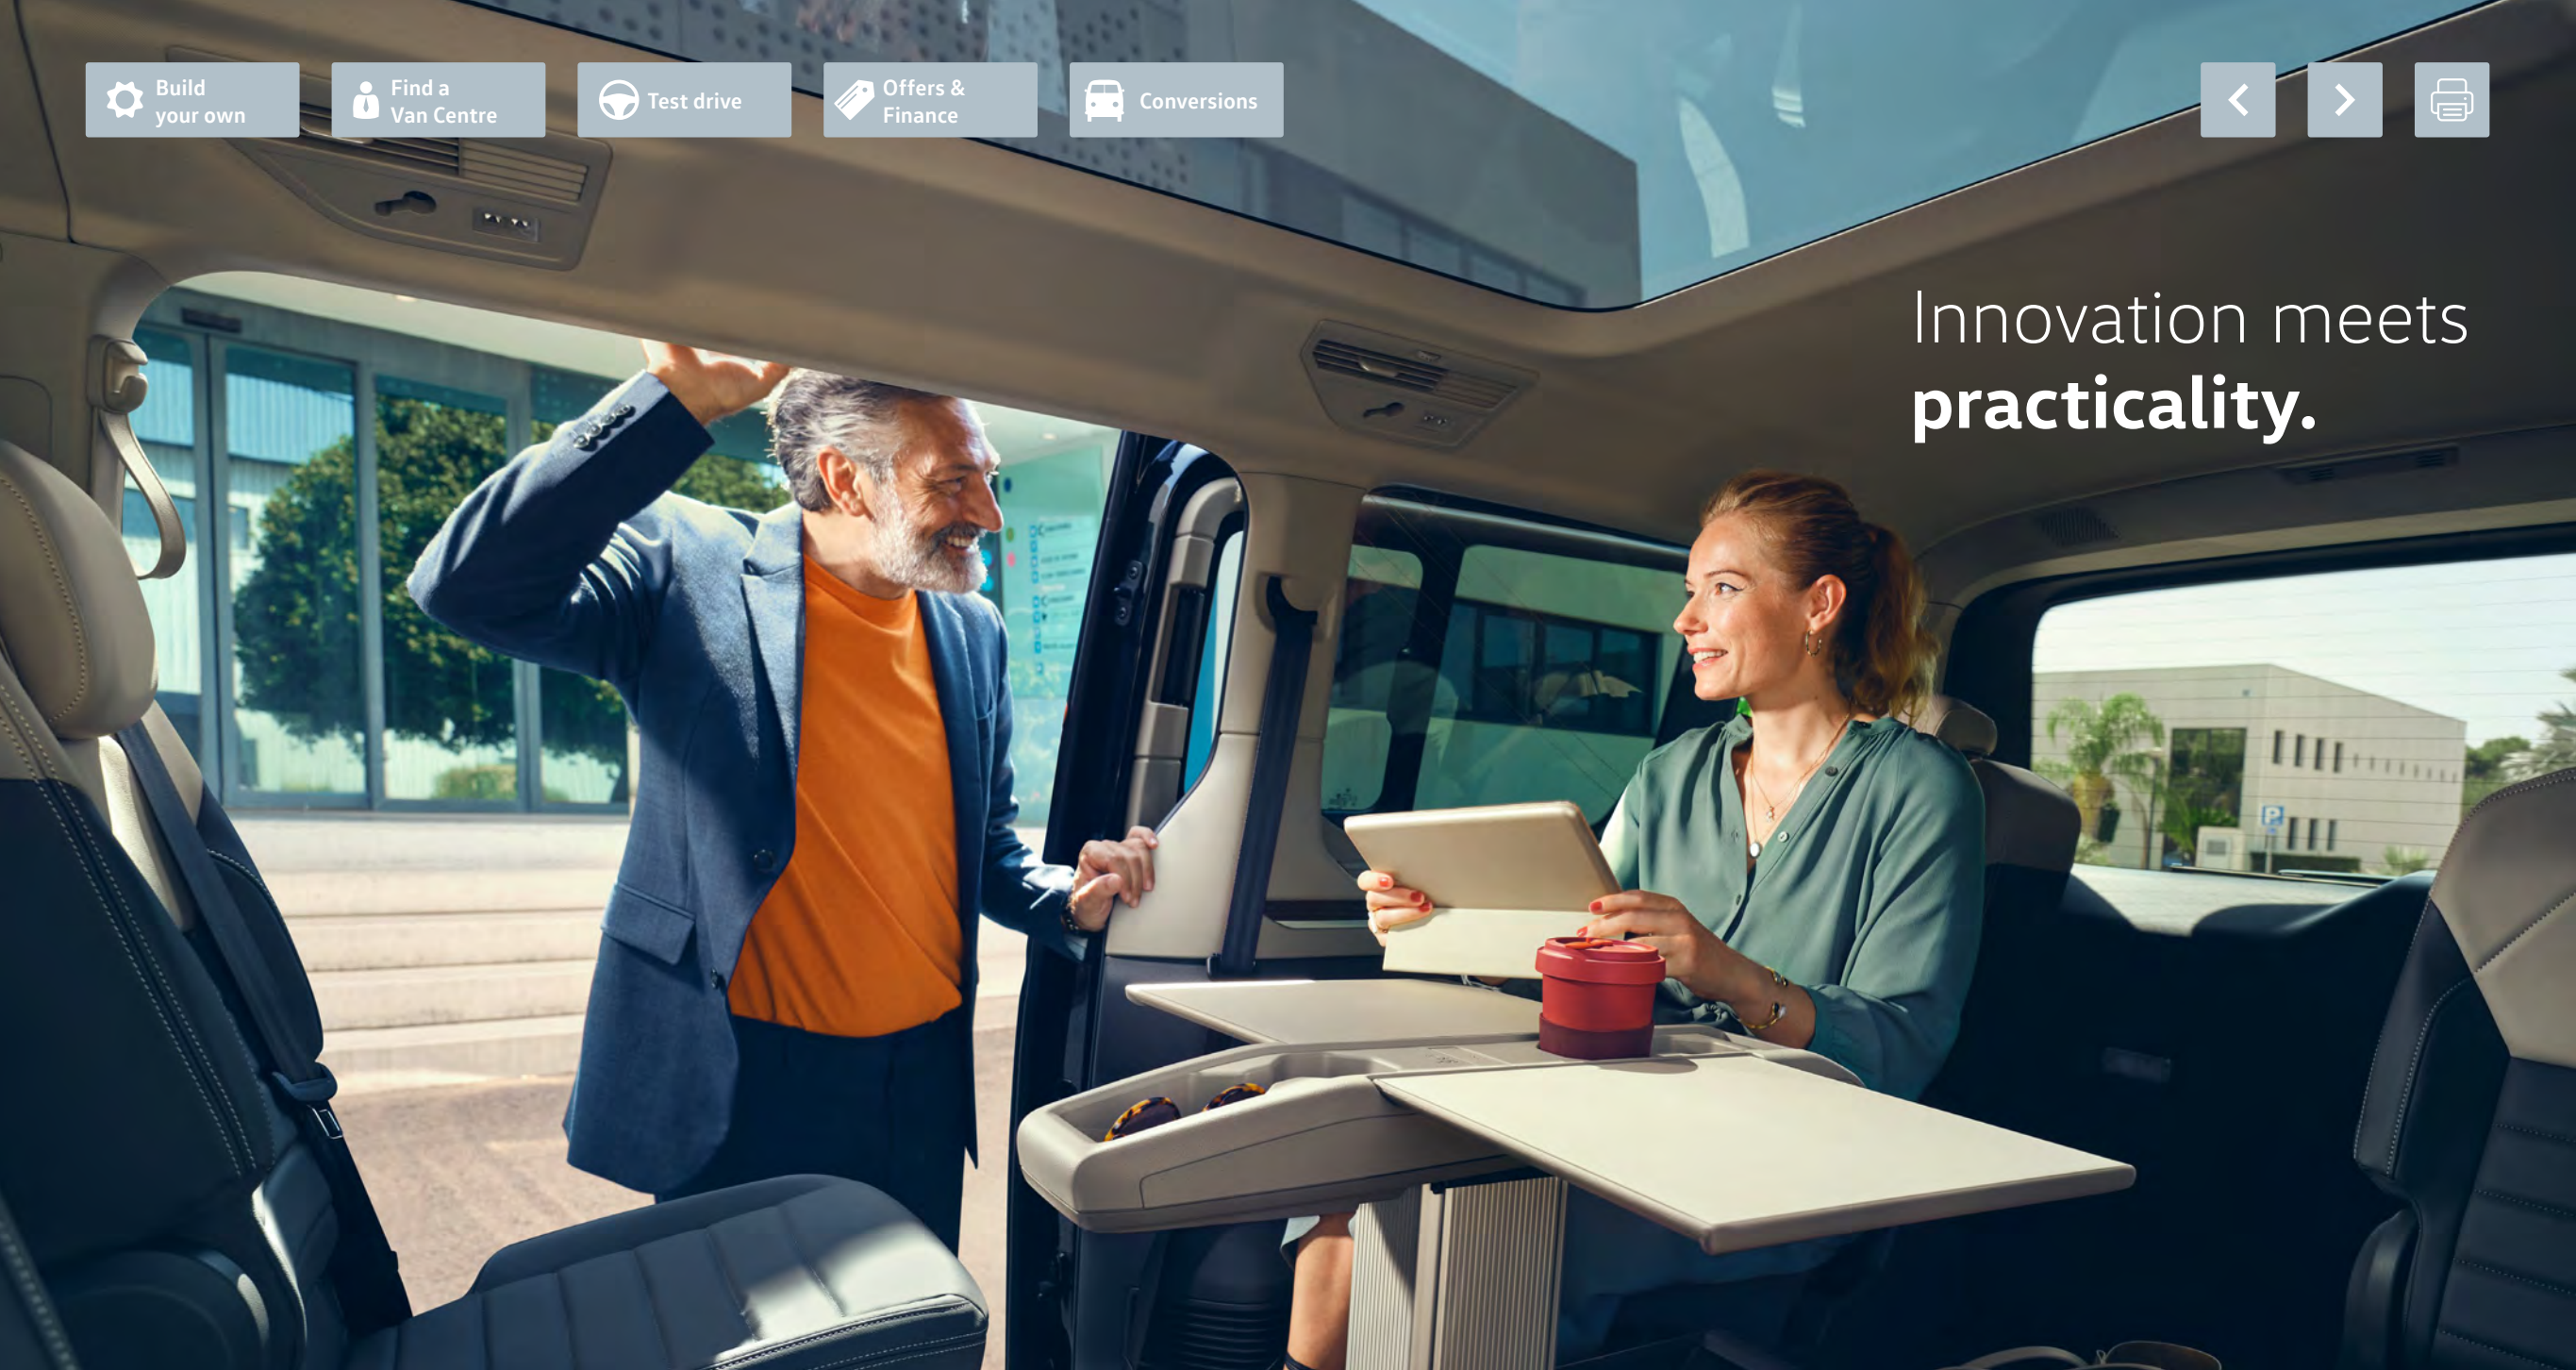

Inside, the new Multivan is more flexible and spacious than ever with a new modular seating system. With space for up to seven seats, the rear five seats can be moved and removed to suit your travel requirements, while the second row can also be fixed in a rear-facing position to create a face-to-face style seating configuration with the optional six seat package.

Image shown is for illustrative purposes only. Vehicle shown is not UK specification.

Lie back, relax and admire the view.

Enjoy the sky above like never before thanks to the panoramic sunroof. Optional on Life and Style models, this impressive sunroof measures nearly 2m². A low emissivity coating helps to reduce light and heat transmission, while creating a well-lit, airy passenger compartment, letting in natural light. What better way to enjoy a sunlit day or starry night?

Image shown is for illustrative purposes only. Vehicle shown is not UK specification.

Innovation meets
practicality.

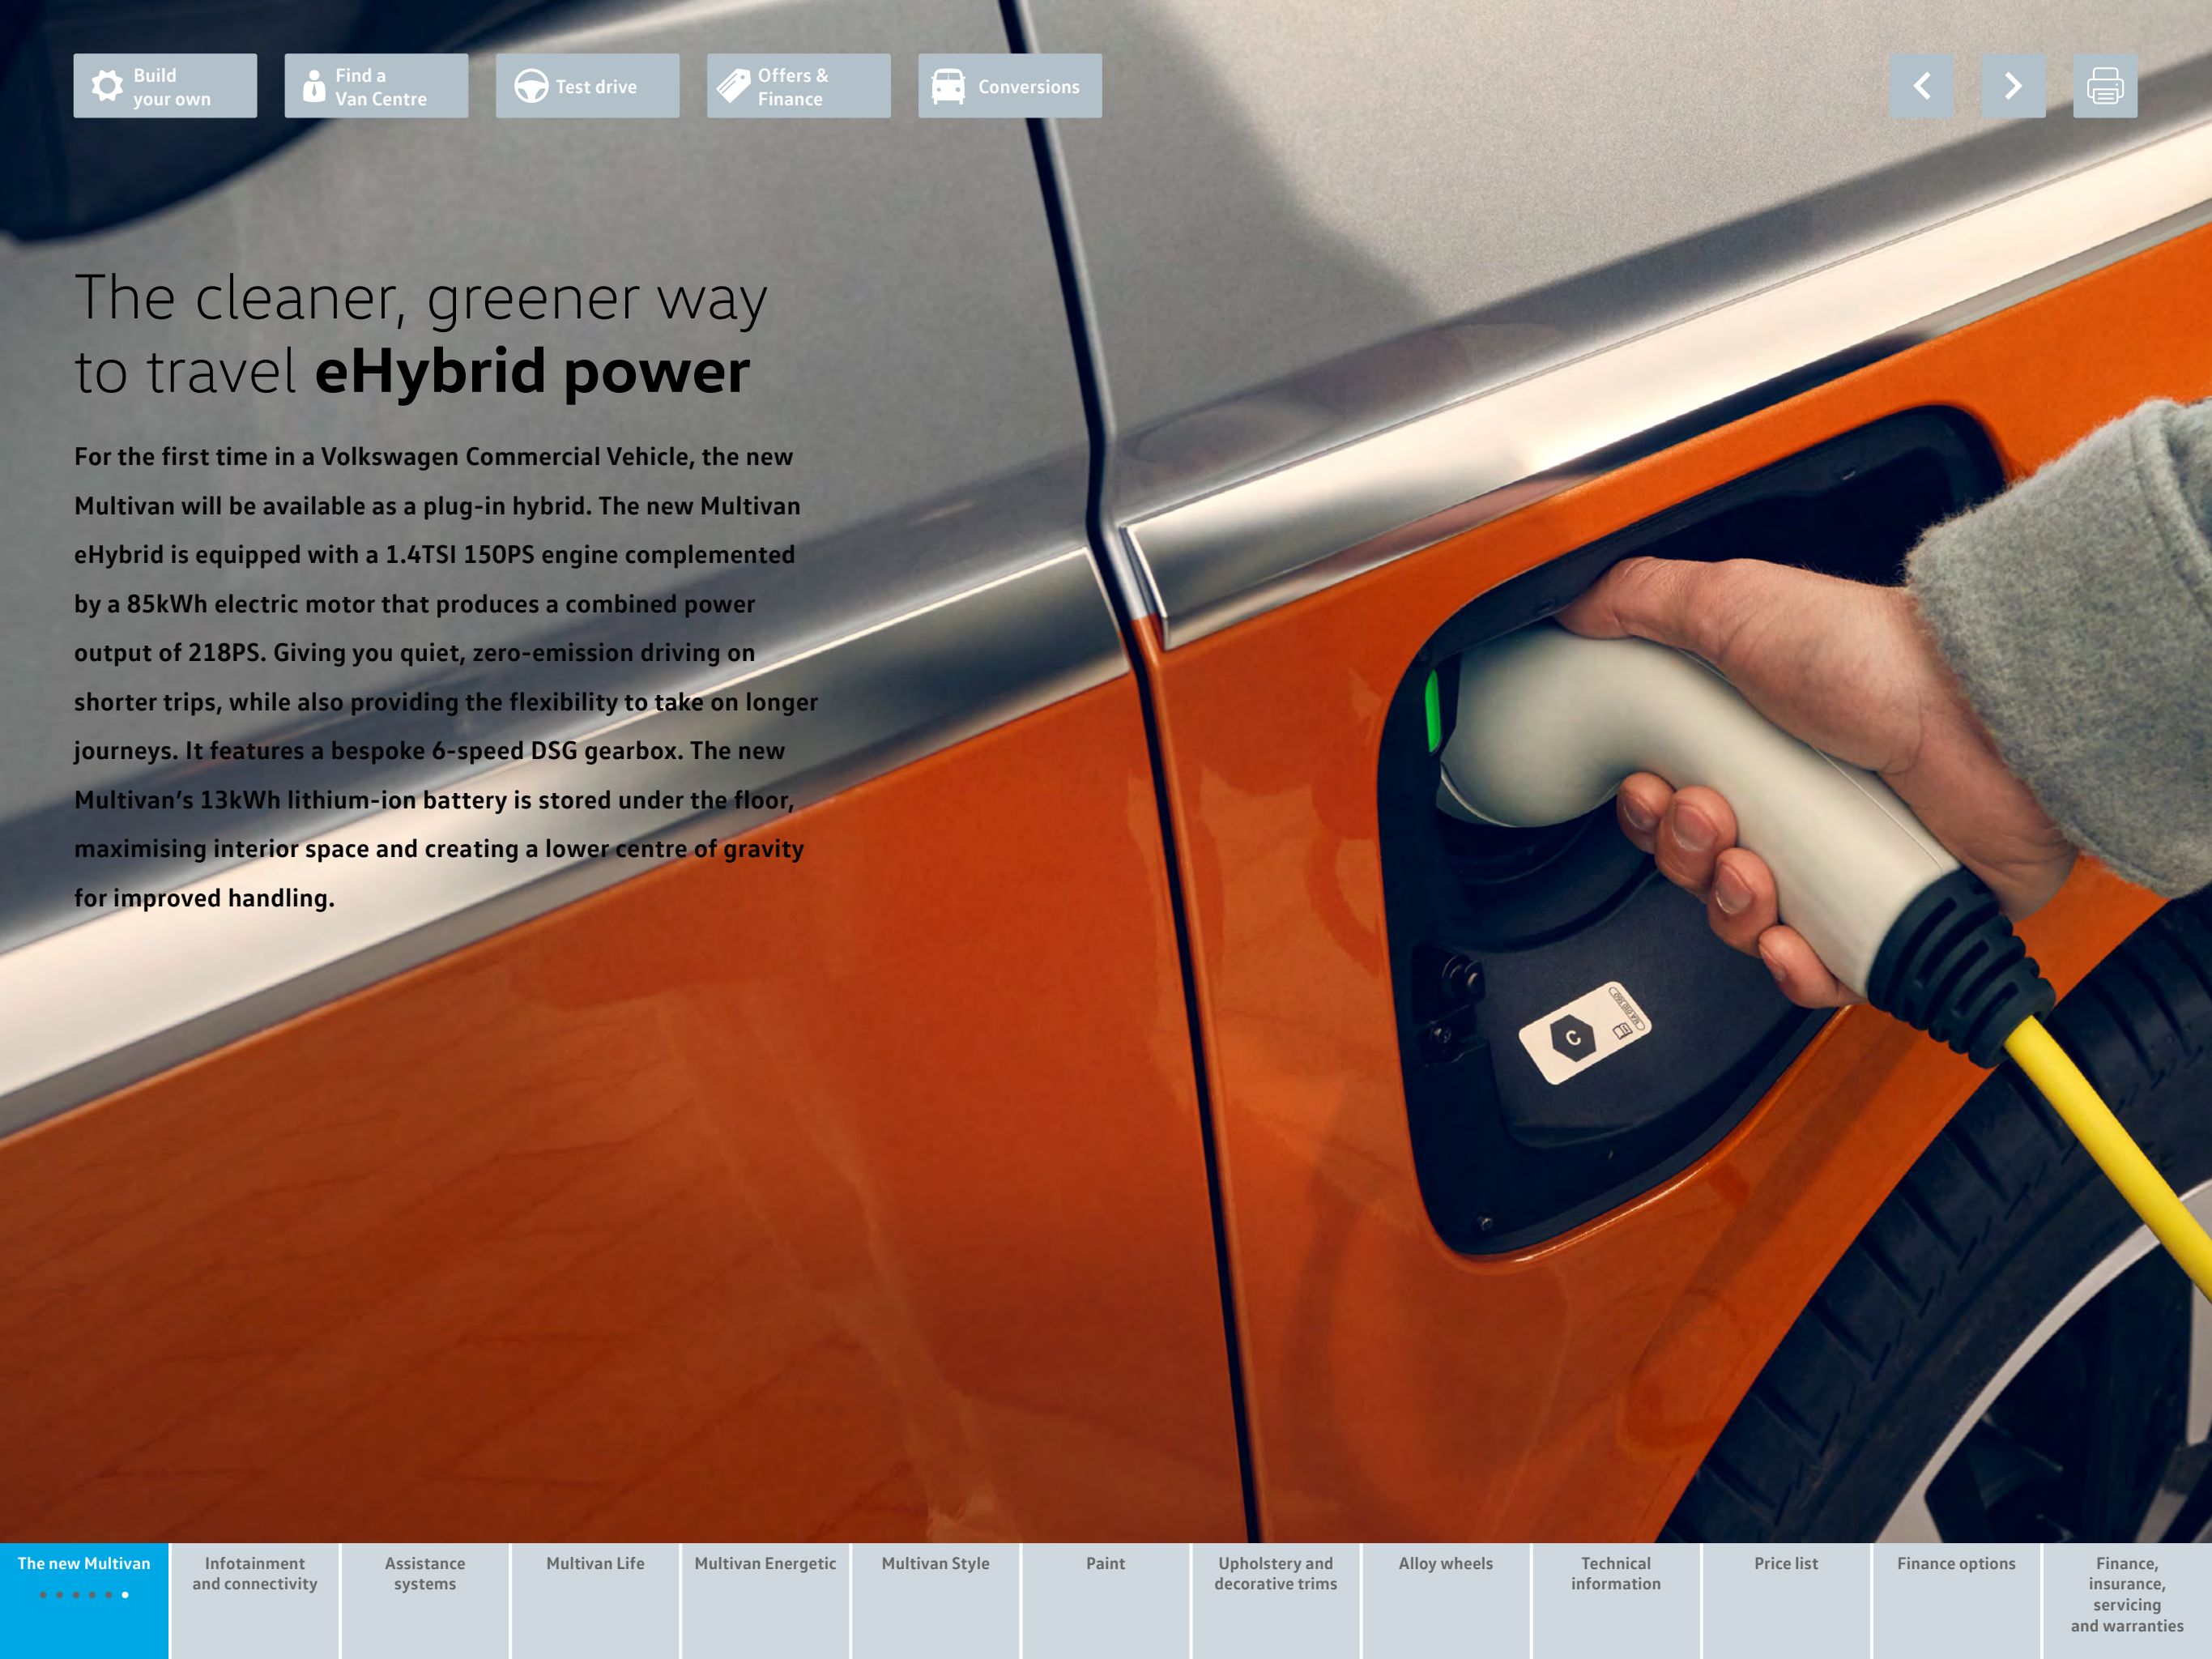

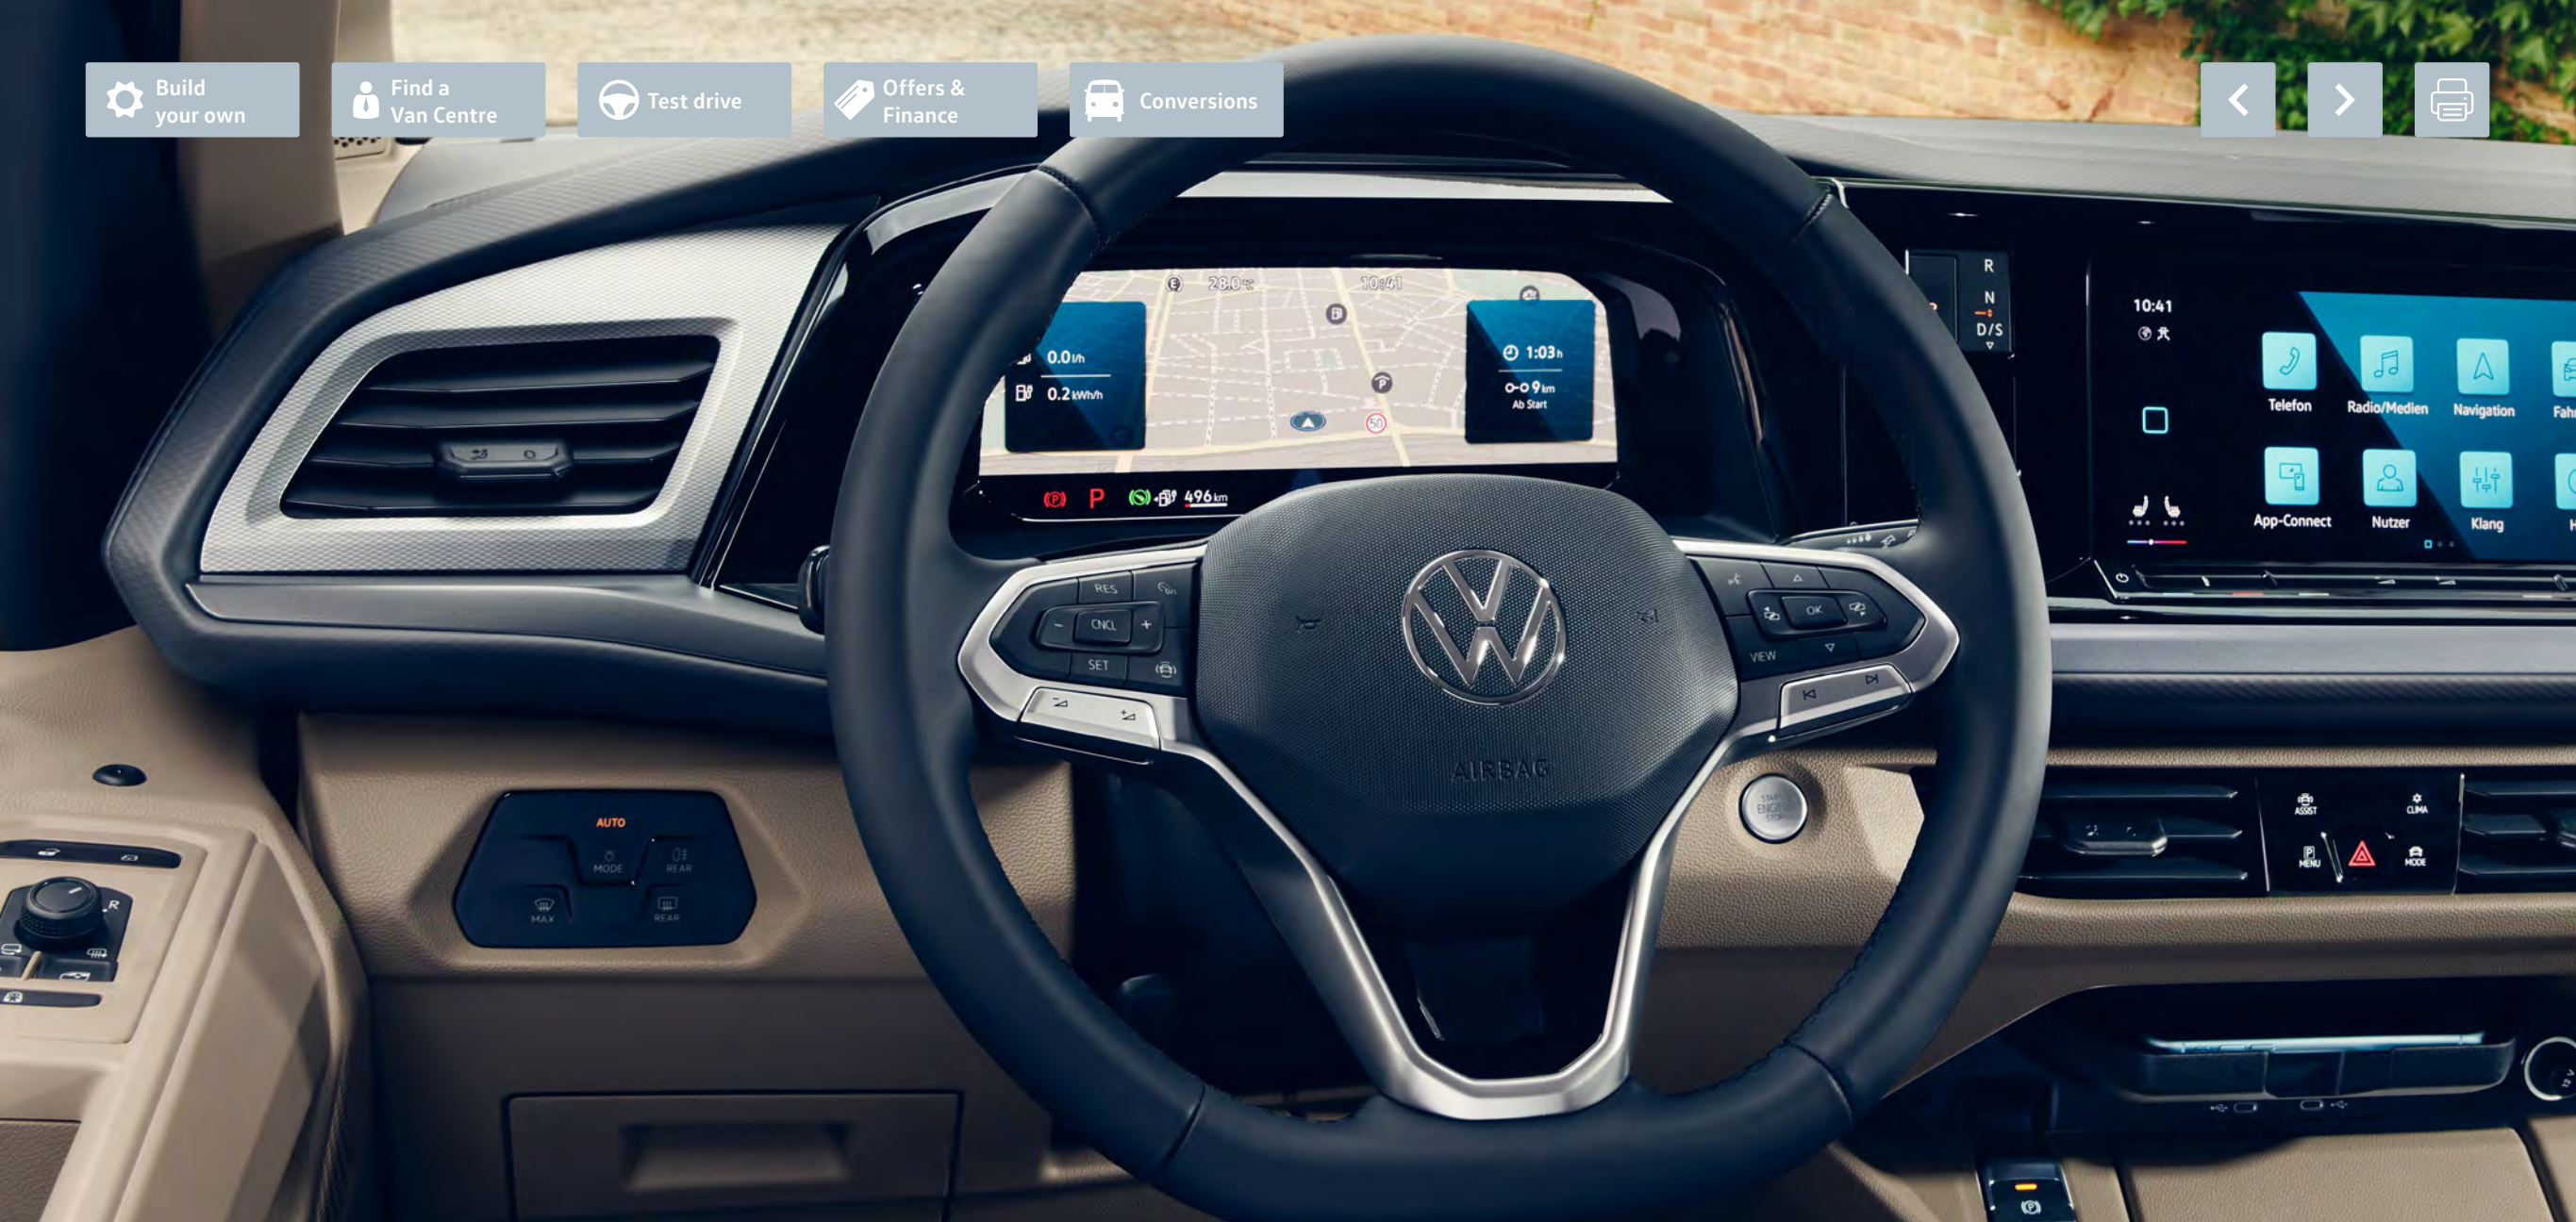

The innovative multi-function table has been completely redesigned for the Multivan, and offers many new uses. Using the central track, it can be moved between any of the seating rows, and for the first time can be used as a centre console between the front seats. The table features adjustable height, three cup holders and a storage compartment.

Images shown are for illustrative purposes only. Vehicles shown are not UK specification.

The cleaner, greener way to travel **eHybrid power**

For the first time in a Volkswagen Commercial Vehicle, the new Multivan will be available as a plug-in hybrid. The new Multivan eHybrid is equipped with a 1.4TSI 150PS engine complemented by a 85kWh electric motor that produces a combined power output of 218PS. Giving you quiet, zero-emission driving on shorter trips, while also providing the flexibility to take on longer journeys. It features a bespoke 6-speed DSG gearbox. The new Multivan's 13kWh lithium-ion battery is stored under the floor, maximising interior space and creating a lower centre of gravity for improved handling.

Driving **just got smarter.**

Designed for those who love style and innovation, the spacious interior features a wealth of intuitive controls with the emphasis on safety and ease of use. Depending on which model you choose, advanced features include the Discover Media navigation system with 10 inch touch-screen including 'Streaming & Internet' which allows you to stream services, listen to internet radio and various other infotainment services, touch-sensitive Climatronic three-zone electronic air conditioning and the innovative Digital Cockpit with its high resolution TFT colour display. Easy open side doors and tailgate and five rear seats that can be easily removed for more luggage space, allow easy access and plenty of rear room. The 840 watt sound system by audio specialist 'Harman Kardon' ensures a relaxed driving experience with exceptional acoustics, while LED ambient lighting with a choice of 30 different colours, lets you create just the right atmosphere for the occasion.

Ready 2 Discover infotainment system.

The system with a 10 inch colour touch-screen display with natural, intuitive, touch sensitive functionality, eight loudspeakers, integrated SIM-card, simultaneous pairing of two compatible mobile devices, title and cover art display, two USB (type-C) ports in the front and Bluetooth®, supports We Connect¹ services. This system also has the functionality to upgrade to navigation at a later date.

Discover Media DAB+ navigation system including 'Streaming & Internet'.³

The system with a 10 inch colour touch-screen display including proximity sensors, eight loudspeakers offers hybrid navigation, a choice of map options, free online map updates, 32GB of media storage, two external USB (type-C) ports and Bluetooth®, natural voice control and Internet radio. The system also supports wireless App-Connect⁴, We Connect¹ and We Connect Plus^{1,2} services.

Discover Pro DAB+ navigation system including 'Streaming & Internet'.⁵

In addition to the functions of the Discover Media navigation system including 'Streaming & Internet', the system has a 10 inch colour touch-screen display including gesture control, 64GB of media storage and simultaneous display of the navigation map on the Digital Cockpit³ and navigation screen.

1 To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect contract or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. 2 Free of charge for the first year when you order Composition Colour or Discover Media navigation system including 'Streaming & Internet'. Free of charge for three years when you order Discover Pro navigation system including 'Streaming & Internet'. There is an extra charge in the event of renewal once the free period has expired. 3 Standard on Style and optional on Life models. 4 Only in conjunction with compatible Apple CarPlay devices on the navigation infotainment systems. 5 Optional on Style models.

Optional on all models is the **'Harman Kardon' premium sound system**. Boasting a total output of 840 watts, a 16 channel digital amplifier and 13 speakers, every detail of the premium sound system is precisely tuned to the interior of the new Multivan, making both music and spoken word sound as natural as if they were created in the vehicle.

We Connect and We Connect Plus.

Your vehicle's technology, at your fingertips.

With Volkswagen We Connect¹ driving will now be even more digital. The We Connect¹ App connects your smartphone to the vehicle with an integrated eSIM card. To take advantage of these exclusive services, you can register today with the We Connect¹ Portal. Once your vehicle has been activated, you can access the full range of Mobile Online Services.

We Connect ¹

- BREAKDOWN CALL**

In the event of a breakdown, we get to your location quickly. With **'Breakdown Call'**, you can call for breakdown assistance from your vehicle with the press of a button. The system will send your location and vehicle information directly to the AA Call Centre.
- PARKING POSITION**

The **'Parking Position'** Service shows you where your car is located. If necessary, it can also show you the fastest way of getting to it.
- SERVICE SCHEDULING**

You drive – Volkswagen **'Service Scheduling'** looks after the rest. As soon as your vehicle's service is due, a notification will automatically be sent to your chosen Volkswagen Van Centre, who will be in touch to book the service appointment with you.
- EMERGENCY CALL SERVICE**

In the event of a serious accident, you can press the 'eCall' button to speak to the emergency services who will automatically dispatch help to your exact location or, in the event your vehicle is involved in an accident, they will contact you and will automatically dispatch help if you are not able to respond.

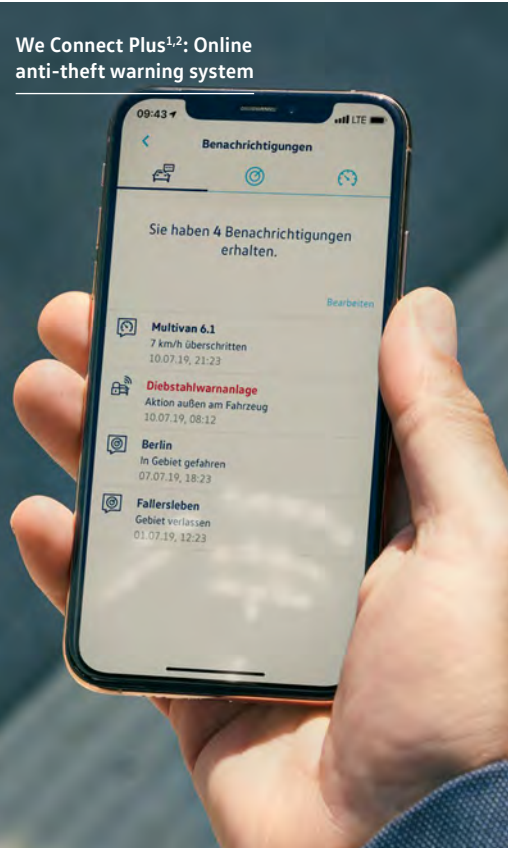

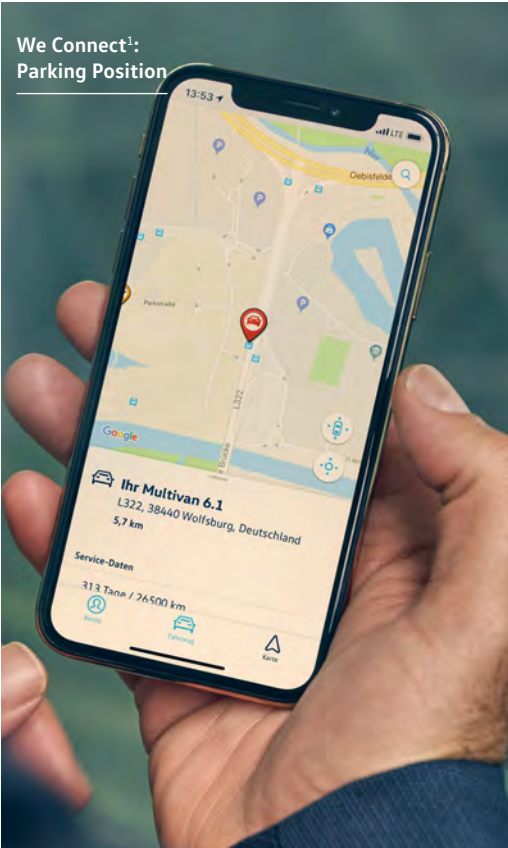

We Connect Plus ^{1,2}

- LOCK & UNLOCK**

'Lock & Unlock' allows you to control the central locking system of your vehicle – using your smartphone, you can conveniently lock and unlock the doors and luggage compartment.
- ONLINE ANTI-THEFT ALARM ³**

Sit back and relax – your vehicle can look after itself. If an attempt is made to break into the car, the **'Online Anti-Theft Alarm'** will inform the We Connect app on your smartphone or by email.
- EHYBRID**

In a plug in hybrid vehicle you can set **'Departure times'** to ensure your vehicle is charged and air conditioned shortly before departure. Air conditioning can be **personalised remotely** and you can stop and start charging all through the We Connect app.

1 To use We Connect services, you need a Volkswagen ID user account and must log in to We Connect with your user name and password. A separate We Connect contract or We Connect Plus contract will also need to be made online with Volkswagen AG. For We Connect Plus you have 90 days after the handover of the vehicle to register the vehicle on www.portal.volkswagen-we.com and can use services free during this time.

2 Free of charge for the first year when you order Composition Colour or Discover Media navigation system. There is an extra charge in the event of renewal once the free period has expired. For the use of the Streaming and Internet based services and for the Wi-Fi hotspot, data packages can be purchased from Cubic Telecom, our mobile communications partner and used in the network coverage area within many European countries. You can find information on prices and supported countries at www.vw.cubictelcom.com/en Images shown are for illustrative purposes only.

3 For the use of the Streaming and Internet based services and for the Wi-Fi hotspot, data packages can be purchased from Cubic Telecom, our mobile communications partner and used in the network coverage area within many European countries. Even more assistance systems for extra peace of mind.

PreCrash preventive occupant protection.¹

The PreCrash preventive occupant protection recognises dangerous driving situations and automatically takes measures to help protect vehicle occupants, tensioning the front seat belts, closing the electric windows and deploying the brakes. Optional on all models.

Adaptive Cruise Control (ACC).¹

Adaptive Cruise Control uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, triggers emergency braking when driving up to 18mph. Standard on all models.

Front Assist with Pedestrian Monitoring and City Emergency Braking System.¹

Detects pedestrians, cyclists and vehicles in the direction of travel and alerts the driver to hazardous situations. If the driver doesn't react in time, the system responds with automatic emergency braking, and can even perform an evasive manoeuvre in critical driving situations. When necessary, the system will trigger emergency braking when driving up to a speed of 18mph. Standard on all models.

Emergency Assist.¹

Enhances safety when the driver is incapacitated. The system initially reacts to inactivity by emitting a warning tone, vibrating, and then performing a safe braking manoeuvre. Standard on Style models.

Lane Assist.^{1,2}

Lane Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger. Standard on all models.

Car2X.

Communicates wirelessly with other Car2X enabled vehicles, using WLAN (pWLAN) technology to share information and bring you immediate traffic updates. For example, if you're stuck in heavy traffic, the system uses the information it receives to detect when the end of the jam is coming up and get the car's Adaptive Cruise Control ready. The hazard warning system also advises you of impending road works, accidents and emergency vehicles. Standard on all models.

Traffic Sign Recognition.¹

Detects road signs and informs the driver. Optionally available in combination with the Discover Media navigation system including 'Streaming & Internet' or Discover Pro navigation system including 'Streaming & Internet'. Standard on all models.

Trailer Assist.¹

Trailer Assist automatically manoeuvres the vehicle and trailer during parallel and reverse parking, only in combination with tow bar preparation or removable and lockable tow bar. Optional on all models.

¹ Within the system's thresholds. ² No direct detection of lateral obstacles by sensors. Obstacles are 'estimated' by the system when they are detected by the front/rear sensors as the vehicle passes.

Standard equipment highlights of the Multivan Life.

Interior	Infotainment and Technology	Safety and Security (continued)	Exterior
Carpet floor covering (reinforced in passenger compartment)	DAB digital radio receiver	Driver and front passenger airbags with front passenger’s airbag deactivation	Electrically heated, adjustable and folding door mirrors

1 Unladen weight includes approximately 90% fuel load and 75kg for driver.

2 Payload = gross vehicle weight minus unladen weight. Quoted weights are for vehicles with standard specification. Unladen weight and payload may be influenced by trimline, factory options and Van Centre fitted accessories. Roof load limit: 100kg (with two roof carriers) or 150kg (with at least four roof carriers). Trailer nose weight: 100kg.

3 Please note the Multivan Energetic is a limited stock model and not available to factory order.

Volkswagen Commercial Vehicles may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.

1 Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1.9.2022. Figures quoted are for a range of configurations (including non-UK) and are subject to change due to ongoing approvals/changes. Please consult your authorised Volkswagen Van Centre for further information.

2 From 1 April 2021, the official CO₂ emissions values used to calculate Vehicle Excise Duty (VED) charges will change for all passenger car registrations in the UK, due to a change in the method of testing. This will affect the Recommended 'On The Road' (ROTR) price you pay (in most circumstances, prices will increase). The Recommended 'On The Road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2021. Choice of wheels and other options may affect fuel consumption, BIK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2021.

Where additional equipment is required by chosen options, this will be at additional cost. See the relevant option for recommended pricing or consult your local authorised Van Centre.
Some options may not be compatible with other options. To check the availability of your chosen options, please use our configurator or consult your local authorised Van Centre.
Detailed information regarding tyre efficiency labelling and technical specifications on all potential tyre fitments can be found by visiting the Volkswagen Commercial Vehicles online car configurator at www.volkswagen-vans.co.uk/en/configurator.html

**Volkswagen Commercial Vehicles may change RRP's at any time (this includes where there are government changes in regulation and/or legislation).
There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.**

Finance made simple

As dedicated to finance as we are to your new Multivan

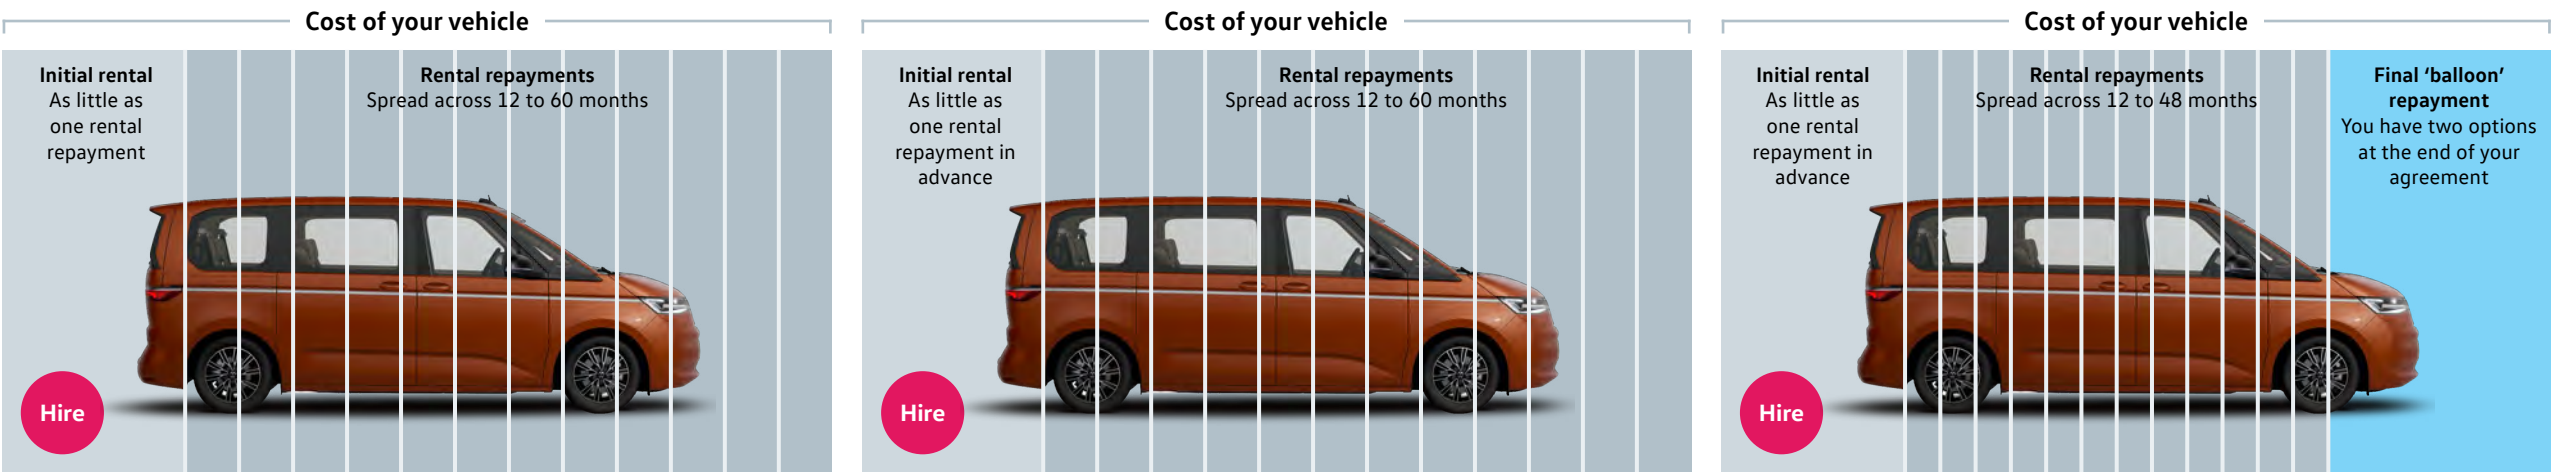

Learn more about our range of finance products to find a finance package that suits your budget. Alternatively, 'Click on' the Offers & Finance button above to find out more about our latest offers to help your business thrive.

Solutions Personal Contract Plan
Not sure if you want to own or hire? Make the decision later. Pay monthly payments for the length of your agreement. At the end you can decide to keep (once all payments have been made), upgrade or return the vehicle.

Hire Purchase
Make all the regular monthly payments. At the end the vehicles is yours.

Lease Purchase
Make lower monthly payments by deferring an amount until the end. Once paid the vehicle is yours.

Contract Hire
Pay fixed monthly rentals to hire the vehicle. Look after it so at the end you can return it hassle free.

Finance Lease (full pay out)
Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle and receive a percentage of the sale proceeds. Or retain the use of your vehicle by paying a reduced annual rental.

Finance Lease (balloon repayment)
Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle to settle the outstanding amount and receive any excess sale proceeds. Or pay the 'balloon' payment and retain the use of your vehicle by paying a reduced annual rental.

Finance subject to status. Available to 18s and over in the UK only. Terms and Conditions apply. Volkswagen Commercial Vehicle Financial Services.

Finance, insurance, servicing and warranties

Finance and insurance.¹

When it comes to paying for your van, we’ve got options including Contract Hire and Finance Lease, or Hire Purchase. We can also offer you competitive insurance with lots of features and benefits as standard.

A choice of packages.²

Whether you prefer to lease your vehicles, with none of the concerns of ownership and the freedom to change models easily, or purchase outright to own the vehicle that’s perfect for your business, we’re here to help you consider your options.

You can go flexible, by choosing a payment plan that suits your finances, with options to reduce your monthly costs and your repayment period. Or choose a fixed monthly price that allows you to budget confidently for the longer term.

You can even include your road tax and servicing costs to arrive at one simple, all-inclusive payment. For more information, pick up a finance brochure, or ask at your Van Centre.

Volkswagen Car Insurance.³

Complimentary Volkswagen Drive Away Insurance

Every new and Approved Used Volkswagen comes with five days’ complimentary insurance cover, getting you on the road quickly and easily. Volkswagen Drive Away Insurance is designed specifically for your Volkswagen and guarantees that your vehicle will be repaired in a Volkswagen Approved Repairer. Speak to your Volkswagen Van Centre for more details.
Subject to eligibility.

We will also provide you with an annual quote, with no additional questions asked,so you can continue to enjoy all the benefits Volkswagen Car Insurance offers. Read on for more details.

Volkswagen Car Insurance

Volkswagen Car Insurance offers quality service and support when you need it most, with a policy tailored specifically for your Volkswagen. Just as you’d expect from Volkswagen, our annual car insurance provides comprehensive cover, with lots of benefits included at no extra cost. Insure your car with Volkswagen and relax knowing we only use Volkswagen trained technicians, who know your car inside out, and Volkswagen genuine parts*, giving you the peace of mind that your Volkswagen will be repaired to the same high standards as before and to original manufacturer specifications.

**Excludes windscreen claims.*

To get a quote or find out more, visit www.insurewithvolkswagen.co.uk/car-insurance
Alternatively, call us on **0345 877 6464**.

We’re available Monday to Friday 8am-8pm, and Saturday 9am-5pm.

Volkswagen Commercial Vehicle Gap Insurance.⁴

What is Volkswagen Commercial Vehicle Gap Insurance?

If your Volkswagen Commercial Vehicle is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new Volkswagen Commercial Vehicle, or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

Volkswagen Commercial Vehicle Gap Insurance

This pays the difference between the write-off settlement from your motor insurer and the price you paid for your Volkswagen Commercial Vehicle, or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, Volkswagen Commercial Vehicle Gap Insurance will cover the difference between the write-off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

Volkswagen Commercial Vehicle Gap Insurance Plus

In addition to all the benefits of Volkswagen Commercial Vehicle Gap Insurance, the Volkswagen Commercial Vehicle Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written-off during the additional 12-month fixed benefit period of insurance, Volkswagen Commercial Vehicle Gap Insurance will pay a fixed sum of £2,500.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

For more information about Volkswagen Commercial Vehicle Gap Insurance, please speak to your nearest participating Volkswagen Van Centre or visit www.insurewithvwcv.co.uk/gap-insurance.

Servicing and support.

We’re here to keep your business moving, with our range of three award-winning⁵ servicing and maintenance options, as well as free Roadside Assistance. Some exclusions apply. For more detail, please visit: www.volkswagen-vans.co.uk/aftersales

Fixed cost maintenance.

This option is available for vehicles that are less than twelve months old and have covered less than 10,000 miles. It makes budgeting easier by splitting the cost of servicing into fixed monthly payments – whether you want Service only; Service and Maintenance; or Service, Maintenance and Tyres.

Service Plans.⁶

Designed to keep you on the road, you can plan ahead and cover your next two services with a Service Plan. With the same pricing across all eligible models, we’ve made paying for your first two services as easy as possible with the option to pay upfront or spread the cost over 24 months.

Pay on demand.

If you’re looking for freedom and flexibility with your servicing, it’s good to know we’re ready when you are. So with our third option, you can choose to pay for your services as and when you need them, with our National Service Pricing. Ask your Van Centre for an up-to-date pricing guide.

Roadside Assistance.

We understand the need to keep you mobile. That’s why all new vans come with three-year, unlimited mileage roadside cover. Should the unexpected happen, one call gets you straight through to a team trained to help you through any breakdown or accident. Supporting you every day will be a team of vehicle technicians, fully-trained by Volkswagen and carrying the latest diagnostic equipment, specialist tools and parts.

Assistance benefits include:

- Assistance at home, by the roadside or place of work.
- Recovery to your preferred location.
- Onward travel, for you and your cargo.
- Cover 24 hours a day, 365 days a year.
- Free cover for three years (on new vehicles).
- Unlimited mileage.
- European cover.
- Option to extend cover beyond three years.

Warranties.

You can count on us long after you purchase your Multivan, thanks to its comprehensive three-year, 100,000 mile warranty. You choose Volkswagen because your business depends on it, year in, year out. While your Multivan is under warranty, we’ll fix any defect in manufacture or workmanship free of charge, even if you purchase and service the vehicle at different Van Centres. Some exclusions apply and the vehicle must be cared for using the guidance in your owner’s manual.

For more detail, please visit: www.volkswagen-vans.co.uk/en/buy-a-van/offers/aftersales-offers.html

Factory extended warranty.

You can also extend your warranty beyond the three-year, 100,000 mile period, choosing either Comprehensive or Major Component cover, as a one-off or monthly payment.

For more detail of cover levels, along with terms and conditions, please visit: www.volkswagen-cv-warranty.co.uk where you’ll also be able to obtain a quote and purchase a Factory extended warranty.

Paint and body warranty.

Your Multivan’s exterior paintwork is covered against manufacturing defects for a period of three years, while its body sections and panels are covered against rusting through from the inside for twelve years. Some exclusions apply and the vehicle must be cared for using the guidance in your owner’s manual.

PHEV vehicle home charging.

Home charging using a domestic socket will depend on the condition and suitability of the wiring in your home. Always consult a qualified electrician before charging when using a domestic socket for the first time, or, if the socket is to be used as the primary source of charging. Domestic sockets on the same circuit as other appliances, particularly those in frequent use, will draw additional amperage which may result in a breaker switch being ‘tripped’. Establishing a separate circuit for home charging will help ensure your electric vehicle is supplied with a consistent, uninterrupted current. For optimum charging, we recommend installing an electric vehicle charging point at home.

The Van Centre network.

Our **dedicated Van Centre network** is at the core of everything we do and is always there to help. As a separate brand within the Volkswagen Group, it makes sense to make use of your nearest Van Centre – it’s full of experts who understand your vehicle better than anyone else and can help you to get the most out of it.

Over **65 Van Centres** and **30 Authorised Repairers**, means you’re only around 45 minutes on average from our door.

1 Volkswagen Commercial Vehicles Insurance and Volkswagen Commercial Vehicle Financial Services are trading names of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR, which is authorised and regulated by the Financial Conduct Authority (FCA).
