

ABSOLUTE SAFETY.

SPECIAL OFFERS
ON SELECTED MAN
GENUINE PARTS

WHY CHOOSE MAN GENUINE PARTS?

When it comes to replacement parts, you want the very best, not second best. Manufactured in accordance with our strict guidelines, every MAN Genuine Part is designed and manufactured to work perfectly with your MAN Truck. They also guarantee maximum reliability, durability, safety and economy.

For absolute peace of mind, all our Genuine Parts are readily available, come with a full 24-month fitted warranty at no extra cost, and are valid worldwide. Should you need expert advice or support, our comprehensive UK Dealer Network is close at hand and ready to assist you.

With MAN Genuine Parts you have:

- MAN Genuine Parts supplied from our UK distribution centre
- 97%+ parts availability from our European Logistics Centre
- MAN UK Merchandise is stocked in the UK and ordered via www.mantruckmerchandise.co.uk or Dealer Network
- MAN Truck & Van vehicle accessories are vehicle specific and made to order
- MAN Local Assortment Tanker Trailer and 'All makes' products are available next day
- MAN have 195 trained parts Technicians
- 160 parts delivery vans UK & Ireland
- MAN UK have a bespoke centralised team to maximise your vehicle or fleet uptime

“Using MAN Genuine Parts keeps your vehicle in perfect condition and safeguards your investment”

ABSOLUTE PERFORMANCE.

MAN GENUINE COOLING SYSTEMS & INTERCOOLERS.

To cool the engine and cylinder head and stop them from overheating, coolant is constantly pumped to these and other components, with the added benefit of a cooling capacity that can be optimally adjusted.

The intercooler plays an important role in protecting the engine against overheating. State-of-the-art MAN Genuine Cooling Systems and Intercoolers are manufactured in accordance with strict MAN quality standards which guarantee peak cooling output and high resilience over their entire service life.

MAN GENUINE TURBOCHARGER ECOLINE.

Turbochargers connect to an engine to give a significant increase in horsepower. MAN Genuine Turbo Chargers ecoline are remanufactured to the same high quality and deliver the same performance as new parts.

Why buy Genuine MAN?

- OEM quality and remanufacturing in accordance with series standards
- Same 24-month fitted warranty that comes with new MAN Genuine Parts
- Faultless mechanical functionality as found in a new part
- Unit tailored to the engine for optimal effect
- Optimised fuel consumption, fewer emissions

ABSOLUTE STOPPING POWER.

MAN GENUINE BRAKE DISCS AND PADS.

In critical driving situations you need to be able to rely 100% on your brakes working every time. Slowing down tonnes of load subject brake callipers, discs and pads to huge forces and extremely high temperatures.

MAN Genuine Disc Brakes and Pads provide the highest level of safety and stopping power, day after day, in the most challenging conditions.

Why buy Genuine MAN?

- No compromise on your safety
- Long service life and economic efficiency
- Optimum driving comfort thanks to predictable brake behaviour
- Perfectly coordinated with your vehicle, your driving profile and use
- Consistent quality from the first braking through to wear limit

Genuine MAN kits available:

- Brake discs & pads sets
- Clutch kits
- Cylinder head kits
- Engine rebuild kits
- Filter kits
- Turbo kits

ABSOLUTE COST-EFFECTIVE.

AS
NEW

MAN ECOLINE REMANUFACTURED PRODUCTS.

MAN Genuine Parts ecoline are MAN Genuine Parts from MAN vehicles that have already been used and have been completely reconditioned according to the highest standards. Our remanufactured parts include injectors, fuel and water pumps as well as the MAN Genuine Engine ecoline range. Providing a high quality solution for older MAN vehicles, MAN remanufactured parts are extremely cost-effective and in the case of our ecoline engines, environmentally friendly too.

Why choose MAN remanufactured products?

- Ideal solution for older MAN vehicles based on current market value
- Cost-effective alternative to MAN Genuine Parts
- Same 24-month warranty that comes with new MAN Genuine Parts
- Production and quality testing at the MAN engine plant in Nuremberg

ABSOLUTE PROTECTION.

BULK DEALS AVAILABLE

MAN GENUINE OIL

MAN Genuine Oil helps to protect the core elements of your vehicle; the engine, the gearbox and driven axles from wear. It also protects your bottom line, by maximising the lifecycle and minimising operating costs.

MAN Genuine Oil is now available in 5L, 20L, 210L and in bulk volumes over 800L. Ask about our Bulk Buy Deals to find out more.

MAN GENUINE TRANSMISSION OIL

Helps convert power into performance

Did you know?

The transmission brings the engine's power to life and a truck can only reach maximum efficiency when everything is working smoothly. Transmission oil plays a critical role in this. MAN Transmission Oil and MAN Precision Technology delivers high performance even under extreme conditions.

MAN GENUINE AXLE OIL

For an ideal distribution of power

Did you know?

Driven axles and transfer cases provide the final transmission of torque to the power train. To ensure optimum efficiency both must deliver peak performance, even under extreme conditions. This requires a perfect match between the oil and the technology. MAN Genuine Axle Oil is the only axle oil made exclusively for use in MAN Trucks and Buses.

ABSOLUTE NECESSITY. DIRECT VISION STANDARD RATING.
